In a group of 4 students (5 is allowed, 3 is not) you will use CSS, media queries, JavaScript, and/or jQuery to modify the form found at:

<http://collemc.people.si.umich.edu/ICE8/formJobHunt.html>

(<http://collemc.people.si.umich.edu/ICE8/formJobHunt.html>)

YOU MUST WORK WITH PEOPLE FROM YOUR DISCUSSION SECTION. You may use any resources and make any changes you would like to the site to change the appearance, functionality, responsiveness, and/or accessibility of the site.

***When you are done, each member of the group must submit to Canvas a link to their copy of the form.*** (So each person should host separately, but you may use a common repository for the supplementary files if you would like.)

## NOTE:

Demo your form for your GSI during the last 10 minutes of the discussion and your group will be considered for extra credit. We will be picking the most outstanding submissions. ***If you demo***, fill out this
